

PalGive: Empowering Palestinian Youth

PalGive is a non-governmental organisation founded in Bethlehem in 2025. We empower youth to exercise their political, economic and social rights.

Our work focuses on leadership, civic participation, economic justice and human dignity.

Who We Are

1

Founded in 2025

PalGive was conceptualised by youth groups in 2024 and officially established in Bethlehem in 2025.

2

Human Rights Approach

All our programmes and advocacy work are based on the Universal Declaration of Human Rights.

3

Vision for 2035

We aim to engage 10,000 young people to change power structures and create a world free from violence.

Our Vision & Mission

Vision

We aspire to enhance youth participation, especially young women, in decision-making processes and leadership positions.

Our goal is to create a society of equality, freedom, tolerance, justice and human dignity.

Mission

PalGive seeks to empower women and youth, particularly young women, to claim, exercise and protect their economic and social rights.

Strategic Objectives

1

Civic Participation

Enhance youth participation in civil society through volunteering, advocacy and community engagement.

2

Economic Empowerment

Improve the economic situation of youth through employment opportunities, entrepreneurship and livelihood support.

3

Education

Enhance educational levels for children and youth through access, quality and inclusive education.

4

Capacity Development

Develop PalGive's organisational capabilities and strengthen partner institutions.

Core Values

Work with Intelligence

Wise outlook and passionate spirit
to create solid results in complex
circumstances.

Thoughtful Expansion

Build trust-based relationships
and deliver outstanding
performance to achieve our
mission.

Dare to Take Risks

Face challenges and step forward
to create effective change.

Creative Initiatives

Work with energy and creativity,
investing in social capital and
celebrating successes.

Civic Participation Programme

1

Youth Engagement

Enhance youth participation in community and volunteer work through skills development.

2

Community Awareness

Expand youth-led awareness on community issues and develop peer support capabilities.

3

Emergency Response

Involve youth in emergency preparedness and response through training and empowerment.

Economic Empowerment Programme

We strive to improve youth economic conditions by developing practical skills for graduates and workers with limited skills. We help young people gain work experience and enable them to start or rebuild small businesses.

Education Programme

Access to Education

Enable marginalised children to access and complete their education. Provide access to quality educational facilities from pre-school through university.

Quality Education

Empower children to advocate for their rights. Engage parents and communities in their children's education.

Inclusive Education

Support children with special needs. Create safe, inclusive learning environments for all children.

Capacity Development Programme

Youth Councils

Enhancing life skills for youth councils and volunteers.

Community Engagement

Empowering youth to lead community mobilization.

Youth Organisations Network

Strengthening the capabilities of youth networks.
